Cow? Not some ol' milk moo-cow out in the back paddock! No! It's a prime lean beef cow roaming free and restless out on the range. Well that's the image that I associate with this 5 piece band out of Adelaide. From Cow's 2 album Sunset Posse Podcast 73 features a Rich Coldwell song "Lament".

Podcast 73 also features a host of other new releases to engage in! From Cow, roaming the alt country spaces of South Australia into Fred Eaglesmith's Bible belt heartland and through to the ethereal spaces of Daniel Lanois, this is a captivating mix of roots music presented by Jerome Douvendahns.
