Podcast 84 opens with a track by Frankie Miller, a great Scottish rhythm 'n' blues singer who suffered a massive brain hemorrhage while in New York back in August of 1994. He has shown remarkable courage to claw his way slowly back to health, after spending 15 months in hospital. His album Long Way Home was released in 2006. Its tracks were all recorded between 1991 and 1997 and feature Joe Walsh on guitar.
