Oh yeah, we're now number 1 on Google world wide for 'podcast blues' - that oughta tell ya somethin!!

This week seven notes, bunch inbetween - apply some groove, some attitude - we're callin it the DIATONIC show this week. Ah jeez - cut us some slack!! Seriously good blues n roots n I wouldn't put you wrong. From Australia fantastic stuff from Geoff Achison, Matt Dwyer, Pugsley Buzzard and that Whitley/Lang partnership 'Dislocation Blues' tests the bounds of mortality. Brilliant! An after some requests - more hot rod'n truck stuff from the Detonators from downunder. Also fabulous blues from Ruthie Foster tinged with gospel, n new US bands goin places Soul Risin and Root Doctor. And finally who can resist some bluegrass/roots from Jerry Douglas on dobro with Bela Fleck on banjo. Just too good. Hope you're diggin it like I am.

Scheduled for broadcast on 28 October 2006 from Port Douglas, Queensland, Australia - or any damn time at all on podcast! And remember you can now stream it direct from [www.myspace.com/saltyblues](http://www.myspace.com/saltyblues) (click on the spinner on the left) and check the links to 2500+ great blues n roots musicians from Australia and elsewhere.
